

The Paschal Mystery in the Life of Religious Sisters

Retreat for Religious Sisters | Sunday, June 21 to Friday, June 26, 2026

It is within the Paschal Mystery of Jesus that we live and move and have our being, that we make and carry out decisions great and small, and from which we derive the strength to do so.

In recent years, many religious women have experienced participation in this Paschal Mystery in a profound way, individually and as congregations.

This retreat offers the opportunity to reflect on these experiences of suffering, death, resurrection and ascension and their meaning.

For these few days we invite you to rest in the gift that is yours, appreciate it and open yourself to its great influence in your religious life.
