

Manresa

JESUIT RETREAT HOUSE

Coronavirus Update from Manresa

As of August 26, 2021, Manresa has the following protocols in place:

- An **appropriately placed facemask** will be mandatory for all persons in the chapel and lounge, whether vaccinated or not.
- Individuals who are not vaccinated are still required to wear a facemask in all areas of the house.
- Although vaccinated individuals are not required to wear a facemask in areas outside of the chapel and lounge, we strongly encourage proper usage at all times.
- While on retreat, as much as possible and realistic, we would like all participants to use the same chair in all meeting spaces (chapel, lounge, et al.)

For those dining at Manresa:

- Meals are being served in a cafeteria style set up with our kitchen employees preparing the plate as retreatants move along the opposite side of the buffet line.
- A protective shield remains in place, separating retreatants from the kitchen staff and meal selections.
- Table settings are preset; please do not move placemats or utensils.
- There is socially distanced seating available at the south end of the dining room, near the stairs.

All Mass attendees:

- Facemasks are required for all attending Mass at Manresa.
- There is a socially distanced section available for those unvaccinated or who prefer to continue to distance themselves.

We are hopeful that these guidelines will change as we make continuing advancement in controlling the coronavirus.
